

The Eighth International Conference on Frontiers in Cyber Security

Oct. 24 - Oct. 26, 2025 | Guiyang, China

 <https://icfcs.org/index.html>

The Eighth International Conference on Frontiers in Cyber Security (FCS 2025) will be co-organized by School of Big Data and Computer Science, Guizhou Normal University and School of Mathematics, Southwest Minzu University. It will be held in Guiyang, P.R. China, from October 24 to October 26, 2025. Cyber security is being paid more and more attention by industry and academia. New cyber security technologies are emerging. Many universities and institutions have set up research centers or schools for cyber security. Both government and enterprises strongly support teaching and research in cyber security. However, how to conduct research and education on cyber security is inexperienced and how to run a center for cyber security is also worth exploring since it involves many departments. The FCS conference provides a good platform for researchers and practitioners to exchange the latest research results in cyber security. The conference proceedings will be published by Springer Communications in Computer and Information Science (CCIS), which is indexed by EI.

CONFERENCE COMMITTEE

Steering Chairs

Fagen Li, University of Electronic Science and Technology of China, China
Daiyuan Peng, Southwest Jiaotong University, China
Hongxia Wang, Sichuan University, China
Yonghui Zhou, Guizhou Normal University, China

General Chairs

Weihua Ou, Guizhou Normal University, China
Changgen Peng, Guizhou University, China
Ying Tan, Southwest Minzu University, China
Xiaohu Tang, Southwest Jiaotong University, China
Xiaosong Zhang, University of Electronic Science and Technology of China, China

Program Chairs

Yanli Chen, Guizhou Normal University, China
Xiaoguang Liu, Southwest Minzu University, China
Yong Ma, Jiangxi Normal University, China
Neal N. Xiong, Southern New Hampshire University, USA

Local Chairs

Lunzhi Deng, Guizhou Normal University, China
Jinrong Mo, Guizhou Normal University, China
Anzhi Wang, Guizhou Normal University, China

Publicity Chairs

Shuanggen Liu, Xi'an University of Posts & Telecommunications, China
Hanzhou Wu, Shanghai University, China
Ling Xiong, Xihua University, China

Publications Chairs

Donghong Cai, Jinan University, China
Zhaoyang Li, Zhengzhou University of Light Industry, China
Huan Wang, Guizhou University of Finance and Economics, China

Financial Chairs

Weian Li, Guizhou Normal University, China
Yongrong Wang, Guizhou Normal University, China

Program Committee Members

Yi Chen, Guizhou University, China
Minquan Cheng, Guangxi Normal University, China
Yunhe Cui, Guizhou University, China
Mingze He, Sichuan Police College, China
Chunhua Jin, Huaiyin Institute of Technology, China
Yue Li, Huaqiao University, China
Yong Liu, Hubei University of Automotive Technology, China
Zhenghui Liu, Xinyang Normal University, China
Qing Qian, Guizhou University of Finance and Economics, China
Canghong Shi, Xihua University, China
Xiangguang Xiong, Guizhou Normal University, China
Zheng Yang, Fujian Normal University, China
Limengnan Zhou, University of Electronic Science and Technology of China, Zhongshan Institute, China
Weixi Zhou, Sichuan Normal University, China
Hui Zhu, Hainan University, China

CALL FOR PAPERS

Access Control
Key Management and Key Recovery
Anonymity
Language-based security
Applied Cryptography
Malware and Anti-malware
Authentication and Authorization
Mobile Computing Security and Privacy
Biometrics Security
Network Security
Blockchain Security and Privacy
Cloud Computing and Edge Computing Security
Operating Systems Security
Computer and Digital Forensics
Cyber-physical Systems Security

Privacy Protection
Data and System Integrity
Privacy-preserving Data Mining
Database Security
Wireless Security
Multimedia Security
Distributed Systems Security
Social Networks Security, Privacy and Trust
Software defined Networking Security
Embedded Systems Security
Security Management
Security Models, Metrics, and Policies
Fraud and Cyber-crime
Security and Privacy of Big Data
Hardware Security

Security of Critical Infrastructures
Identity Access Management
Trust and Reputation Systems
Trusted and Trustworthy Computing Technologies
Usable Security and Privacy
Insider Threat Detection
Underground Economy
Intellectual Property Protection
Verification of Security Protocols
Intrusion Detection
Web Security
IoT Security and Privacy
AI Security
Others

PAPER SUBMISSION

Author Instructions

Authors are invited to submit original papers written in English. Each paper must not appear in other conferences with proceedings or journals. The submission must be anonymous, with no author names, affiliations, acknowledgements, or obvious references. Original contributions are invited up to 16 pages in length (single column), excluding appendices and bibliography, and up to 20 pages in total, using at least 11-point fonts and with reasonable margins. It is highly recommended to prepare the papers in the Springer LNCS format <http://www.springer.com/computer/lncs?SGWID=0-164-6-793341-0>. Only PDF files will be accepted. If accepted, one of the authors is expected to present the paper at the conference.

Important Dates

Paper Submission Due	Jul. 21, 2025
Acceptance Notification	Aug. 21, 2025
Camera Ready Due	Sept. 21, 2025
